

IT TOOK YOU YEARS OF EXPERIENCE
TO REACH WHERE YOU ARE TODAY.
ANOTHER **45 HOURS OF TRAINING**
WITH TACT WILL TAKE YOU HIGHER.

TACT is an online technology academy for competency training to train the IT professionals and uplift their career to discover more opportunities in the space of emerging technologies.

AWS Cloud Training
AWS CLOUDTRAIL

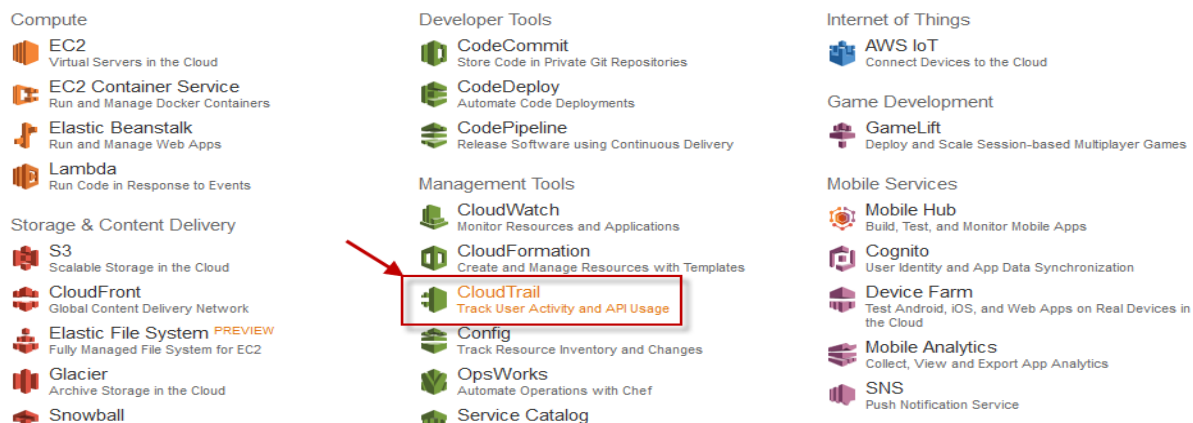

CLOUDTRAIL

AWS CloudTrail used to get a history of AWS API calls and related events for your account. This includes calls made by using the AWS Management Console, AWS SDKs, command line tools, and higher-level AWS services.

You can identify which users and accounts called AWS for services that support CloudTrail, the source IP address the calls were made from, and when the calls occurred.

From the AWS management console choose CloudTrail under Management Tools.

Amazon Web Services

The screenshot shows the AWS Management Console home page with various service categories. A red arrow points to the 'CloudTrail' service under the 'Management Tools' category, which is also highlighted with a red box.

- Compute**
 - EC2: Virtual Servers in the Cloud
 - EC2 Container Service: Run and Manage Docker Containers
 - Elastic Beanstalk: Run and Manage Web Apps
 - Lambda: Run Code in Response to Events
- Storage & Content Delivery**

 - AWS IoT: Connect Devices to the Cloud
- Game Development**
 - GameLift: Deploy and Scale Session-based Multiplayer Games
- Mobile Services**
 - Mobile Hub: Build, Test, and Monitor Mobile Apps
 - Cognito: User Identity and App Data Synchronization
 - Device Farm: Test Android, iOS, and Web Apps on Real Devices in the Cloud
 - Mobile Analytics: Collect, View and Export App Analytics
 - SNS: Push Notification Service

Choose get started Now from CloudTrail landing page.

The screenshot shows the AWS CloudTrail landing page. A red arrow points to the 'Get Started Now' button.

AWS CloudTrail

AWS CloudTrail provides a record of your AWS API calls. You can use this data to gain visibility into user activity, troubleshoot operational and security incidents, or to help demonstrate compliance with internal policies or regulatory standards.

[Get Started Now](#)

On the next page, specify a name for cloudtrail, specify a S3 bucket name or choose an existing one, then choose Turn On.

Turn on CloudTrail

Trail name*

Apply trail to all regions ☒ Yes ☐ No ⓘ

Create a new S3 bucket ☒ Yes ☐ No

S3 bucket* ⓘ

[Advanced »](#)

* Required field

[Cancel](#) [Turn On](#)

Once created you will be able to see the Trail under Trails tab.

API activity history

Trails

Trails

The following table lists the trails for your account across all regions. Click the trail name to view or configuration in the region in which the trail was created. One trail per region is free. A trail that app each region and is counted as one trail in each region. Charges apply for additional trails. [Learn more](#)
